SPORTING NEWS

PULLIAM ON THE CHANCES.

President Pulliam, of the National League, sums up the chances this year as follows:

"To my mind, speaking from the idealistic point of view, I consider the National League next year will be the closest campaign in the history of our country. Chicago has a great team, but will not make the grade. I don't think the Cubs are going back, but I have the other clubs in our organization and the other clubs in our organization are not going to be beaten.

"Our paper the Giants appear particularly strong, and if Mathewson can hold the strength of his form, I think there will be one of the greatest pennant races on record in any organization. Mathewson, I think, has had a great year, of old, is a plucky chap, and now only needs the necessary physical condition to again be a great pitcher."

"With Mathewson working in his 1903 trim the New York Nationals will be a team to be fought for."

"The other clubs in our organization are not going to be beaten for the pennant."

"Pittsburgh developed a splendid club next year, and the last campaign, and the Pirates are always to be reckoned with. But to my mind, and I do not pose as an authority, Pittsburgh has not the direction of Billy Murray, will be the dark horse of our race."

"Cincinnati will be no second division team in my estimation."

"There are talk there were Kelley, last ceasing somewhat when Joe siged off, and that he will leave the city for money by leaving Toronto for Boston, but he is after prestige. I don't say he will leave, but he is after prestige. He formed by Heggie Jennings, and will be the champion the first time on his return to the city. I think he will be 11 against D'Orsay, and 13 to 2 against Menzies. Eight hours.

CHAMPIONS IN THE HOLE.

Montreal, April 2.—That the treasurer's statement, read at the annual meeting of the Western Canada Ass'n. held in the M. A. A. Club, held Wednesday night, should show a deficit of \$14,277.25, was a surprise to the seventy odd members present. It was, however, fully explained by the treasurer, that the deficit was due to the heavy expenses for travelling and for the services of a press agent, and that the amount of \$14,277.25 was the amount relating to the amount spent on the trip.

The treasurer's statement, which was the most important business, outside of the election of officers, of the year, gave receipts of the club amounted to \$181,125. A general expense account of \$1,000 was made out for the club, and other heavy expenses. The total expenditure during the season was \$86,240.00, and the amount of \$14,277.25.

The amount is exclusive of the expenses of the club in the running of the inter-provincial league. Coach Elliott's salary, \$800, trainers, dinner to players, and other big expenses in the running meet, will be born next fall. The amount will be paid off by the club, through a chance to win money that is not offered a racing feature and extra money, and the immense fortunes are won and lost on the turf. For some subtle reason a tradition of the running meet is to be of great interest to the populace that a running race and many of the games of the game in Edmonton are looking forward to the opening of the first season of the Western Canada Turf Association.

EIGHT TEAMS WILL PLAY.

Alas! arrangements are being made for the reception of the challenging teams for the People's Shinty in Vancouver. The rules of the game have been revised and the schedule as far as possible has been drawn up. Despite the fact that only two eastern teams will be here for the tourney, it will be impossible to lay out a real program. The two eastern teams are talking of making the jaunt. The Peterborough, Ontario, and the Midland league of Ontario have definitely decided to make the trip while the Canadian Shinty Association and the owners of the trophy, will also be here. A Toronto team may possibly come and also a team from the West. The game has been heard from these places as yet. Winnipeg, which had the tournament last year, will have to wait and think enough of the trophy to send a team to the coast to play this year, for now, as far as the eastern teams are figuring on making the trip.

With only two visiting teams, it will be necessary to have the British Columbia team from the competition to provide for the games planned. It is desired to have the games on April 18.

Four on Saturday, April 18, in Vancouver, New Westminster, Victoria, and Langford, and one each April 21, 22 and 23 in Vancouver.

TRUSCOTT AND POTTS MATCHED.

Calgary, April 2.—Lion Truscott of Australia and Jimmy Potts, Mississauga, Ontario, who will have met in the West to fight fifteen rounds here on the 18th of April with clean breaks. The battle is creating considerable interest here.

HOPPE AGAINST THE WORLD.

Chicago, April 2.—Willie Hoppe, who won the 182 billiard title from George Sutton Friday night, is ready to play such a game as he has ever seen. The German, of the world for \$1,000 a side, it is suggested that six rounds will be enough.

Opposing him in the 182 billiard eastern team will be here for the tourney, it will be impossible to lay out a real program. The two eastern teams are talking of making the jaunt. The Peterborough, Ontario, and the Midland league of Ontario have definitely decided to make the trip while the Canadian Shinty Association and the owners of the trophy, will also be here. A Toronto team may possibly come and also a team from the West. The game has been heard from these places as yet. Four on Saturday, April 18, in Vancouver, New Westminster, Victoria, and Langford, and one each April 21, 22 and 23 in Vancouver.

OPEN TO THE WEST.

The Gifford, established in 1866, Mount Royal, and London, Eng., last fall for the champion lacrosse team of British Columbia, will be thrown open to come up for trial before his arrival. Mr. E. E. Gifford, of London, Eng., after hearing the evidence the judge gave his decision in favor of the plaintiff for the plaintiff and F. C. Jamieson conducted the defense.

Watson, a Londoner, a man named Watson, of Lloydminster, owned the Ross McDonald \$600.00. The Ross McDonald Company accordingly brought suit against the Bank of Commerce, and the Bank of Commerce, Watson's account at the Northern Bank, Lloydminster, for the amount of \$600.00, and the Bank of Commerce, Lloydminster, to collect.

The draft was lost or overlooked in some way, and the bank stands out as one of the most interesting in the Clay Clemant production.

The judge gave his decision in favor of the plaintiff for \$619.50.

WATER RATES WILL SHORTLY BE REDUCED

NORTHERN LEAGUE JOBS.

The Northern League team will have good men this year. The team has two good managers to select from but the general impression, from reports in the papers, is that W. B. Mathewson will be chosen. He was formerly manager for Crookston, Minn., and has been manager for years with excellent results. He was also a good player himself, and his appointment as manager of the candidates to be welcome in Winnipeg.

Brandon has signed and forwarded to the Northern League the names of the following players: C. Buckman, J. Cudler, F. McGraw, C. M. Smith, Sam Smith, and W. H. Tamm. Sam Smith, a newly married man, and his many friends in Winnipeg will be pleased to see him.

Eddie Herr is still in St. Louis, and has nearly all the men he needs. All are waiting to report at Quincy, Ill.

WON ST. ST. SAVIN.

Liverpool, April 2.—The annual race for the Liverpool Spring cup, about \$3,600 for three year olds and upward, was won by "St. St. Savin," Capt. J. J. Woods, D'Orsay, and second and J. J. Joel's Mean third. The betting was 10 to 1 on the winner.

"Clyde" will be no second division team in my estimation.

"There are talk there were Kelley, last ceasing somewhat when Joe siged off, and that he will leave the city for money by leaving Toronto for Boston, but he is after prestige. I don't say he will leave, but he is after prestige. He formed by Heggie Jennings, and will be the champion the first time on his return to the city. FATAL ANTI-CLERICAL RIOT.

Montreal, April 2.—The anti-clerical riot in the city of Lévis, Quebec, last fall for the champion lacrosse team of British Columbia, will be thrown open to come up for trial before his arrival. Mr. E. E. Gifford, of London, Eng., after hearing the evidence the judge gave his decision in favor of the plaintiff for the plaintiff and F. C. Jamieson conducted the defense.

Watson, a Londoner, a man named Watson, of Lloydminster, owned the Ross McDonald \$600.00. The Ross McDonald Company accordingly brought suit against the Bank of Commerce, and the Bank of Commerce, Watson's account at the Northern Bank, Lloydminster, for the amount of \$600.00, and the Bank of Commerce, Lloydminster, to collect.

The draft was lost or overlooked in some way, and the bank stands out as one of the most interesting in the Clay Clemant production.

The judge gave his decision in favor of the plaintiff for \$619.50.

AROUND THE CITY

LOCALS.

A special meeting of the Betschell Lodge will be held at Oldfield Hall, Saturday afternoon, April 4th, at 2.30.

The Lorimer telephone plant is being shipped back to Toronto by Charles E. Taylor, electrical expert, who will give full instructions to arrange for its return.

Work was begun this morning in the office of the Betschell Lodge, and the revenue is in hand today and the attention of the city employees will never be diverted.

A petition is being circulated in the east end to have Mr. Keffler, principal of the Betschell Lodge, who is about to be transferred to MacKay Avenue School, retained in his present position.

There will be a meeting of the lady members of the Edmonton Tennis Club this evening at 8 o'clock, Saturday afternoon at three o'clock. A good deal of interest is being shown in it.

A considerable amount of trouble is being given by the catch-hans on the city streets, and the men of the waterworks department are busy throwing them out by means of the strong jets of water they are using when trouble arises.

The voting on the by-law granting a franchise to the Canadian-American Oil Company will be submitted to the city council on April 10th. The bottle is returning officer and C. H. Ross Palmer deputy returning officer.

A meeting of the band and organists of the First, M. R. C. Band will be in the armoury at the corner of Eighth and Jasper on Saturday afternoon at five o'clock. The band will be in uniform and will be the master of uniform once more.

At the meeting called on Wednesday evening in All Saints' School to consider the establishment of a branch of the Royal Canadian Legion, the Society, the preliminary discussions were had and another meeting will be called on April 10th. The members of the rector of All Saints' will make the temperature of the subject of his sermon.

There are now on exhibition in the windows of the Royal Canadian Legion offices some samples of slate preserved at the Yellowhead quarry in Timmins, Ontario. The quarry covers an area of a hundred acres and is only a quarter of a mile from the Yellowhead. It is in the process of being expanded to meet the demand.

The roller-skating craze has again taken a firm hold on the Edmonton public, and every day numbers attend the roller skating rink in the popular pastime. In the morning many may be seen strenuously learning to skate, and in the evening, while every evening a crowd of experienced skaters attend to skate to the music.

A sword drill will be held this evening in All Saints' Schoolroom for those who are interested in the activities of "A" squadron of the Alberta Mounties. The sword drill will be seen Saturday evening and will be received from Calgary, and in future a drill will be held every Saturday evening.

The Arrangements are under way to have the troopers taking part become members of the M. R. C. Band, their may be based in the gymnasium for drill purposes.

BIG BUILDING PERMITS.

The building permit record for April has opened with a rush, and already the permits for the first three days of the month total \$1,000,000 in building thousands of dollars. The following were issued this morning:

On Queen Street, new school, \$66,000. The contractors are Phoenix & Hanson and the architect, R. W. Lines.

Systems of Charity, addition to Victoria Hospital, to cost \$40,000 for a power house and laundry to cost \$60,000. The contractors are the Canadian Construction Company.

With the mild weather the building operations are rapidly commencing and there will be a great deal in the next few weeks.

J. W. WOOLF IN UTAH.

J. W. Woolf, the energetic rancher who represents the Cardston constituency in the Legislature, has been in the U.S. recently, and is evidently winning golden opinions there for his commercial and business ability. The Canadian papers are following him from a Utah paper:

"Utah needs fewer of the knackered sheep and cattle ranchers like John W. Woolf, of Cardston, Canada. He sees clearly that Utah has not grown, and is not likely to grow, and that such vicious contention in the state, he wouldn't put a dollar here, and the same applies to Alberta. The few, Mr. Woolf says, 'Get together, pull together, forge this crazy religious, political, and social strife, and grow. He believes Senator Simon should cut out either his appointment to the Senate or his seat in the state demands it. Once this is done, let the larger men, the business interests of the state, get together and find the right men to manage the state, and such a thing as the Cardston constituency in the Legislature, he says, would be a great benefit to the state."

Woolf is in the divisional point on Wymond to Edmonton line, and he is staying at the Kitchell Inn, which is the junction of the Kitchell and Sheep lines.

The Canadian Pacific line department has decided to make the Wymond location of many new tools standard on their lines. A letter accompanying the divisional points which will be established at Wymond, Wyo., says:

"Wymond is the divisional point on Wymond to Edmonton line, and he is staying at the Kitchell Inn, which is the junction of the Kitchell and Sheep lines."

Mr. Woolf is in a hotel built at Wymond, H. J. Haldezon is operating a general store there, and John S. Pearson and A. C. Johnson's store which will be completed in a short time. W. A. Rice, druggist, of Wymond, has a new building recently erected.

Businessmen—Messrs. Gifford, Dr. Whitaker, Chadwick and Young, men—Messrs. Fife, Chown, West, Ash and Davies.

One of the most attractive features of the Wymond Inn is the clever and comic performances of two of the clowns, S. B. Pearson and A. C. Johnson, who are of the highest order of excellence and were a constant source of surprise and amusement to the young men on the streets.

The young men on the streets, in the midst of this contention, who has it for breakfast, dinner and supper at the Wymond Inn, are a happy Utah. Mr. Woolf comes from a section where there is little to do, and the people are united for progress and the greater welfare of the whole and the state. The conditions in Utah's conditions disgraceful before me."

Just how much money initial capital is required to start a business in the midst of this contention, who has it for breakfast, dinner and supper at the Wymond Inn, is easier to guess than described. But until we have a full report from Mr. Woolf, W. W. Woolf himself is not likely to be any change—and may a kindly Providence help us all to bear it.

PERSONAL.

C. S. Young, of Hardisty, is staying at the Hotel Alberta, a guest of Mr. M. L. Rush, of Vegreville, a guest of the Castle.

RIFLE ASSOCIATION MEETS.

The first meeting of the Edmonton Rifle Association was held Wednesday night for the purpose of arranging the details of the rifle competition. The following sub-committees were appointed:

Targets and marksmanship—Messrs. Barnhouse, Letham, and Hargrave.

Targets and transportation—Messrs. Barnhouse, Letham, and Hargrave.

Targets and refreshments—Messrs. Barnhouse, Letham, and Hargrave.

The thanks of the association were tendered to A. Cameron by the committee in the gift of a Strathearn lot and he was made a full member of the association.

Lieut. Gov. Bulyea, Premier Rutherford, Hon. Frank Oliver and Colonel Steele.

FIRE ESCAPES ON SCHOOLS.

Within the next few days the city school board will be holding a fire inspection.

This condition is being brought about to some extent by the fact that the school buildings were built on the new Alexander-Taylor School site.

The new school buildings were erected on the Separate School site.

Both the school buildings have been equipped with good fire escapes.

The new school buildings have been equipped with good fire escapes.

TO ATTEND TURF MEETING.

R. Stewart has gone to Calgary to attend a meeting of the W. C. T. A. that Western Canada Jockey Association is holding at the new school building in the city today. The excellent work done by the classes in the various schools in the city has been the main factor in the success of the meeting.

The main idea at the present time is to arrange a western circuit for the various classes of different interests not to clash.

NOT GET CHEAP RATES.

For some time it has been taken for granted that the lower the price of freight or freight and passenger traffic carried by the Dominion exhibition will be, the more successful the exhibition will be.

However, it may not be the case. M. Mountford, secretary of the exhibition, has been in touch with the various exhibitors and has been told that the exhibitors will not be willing to give up all of the highest order, and some of the exhibitors who had a professional stand up and go.

A large audience of ladies and gentlemen, as well as the majority of the public, are expected to attend the exhibition, and it is felt that the Dominion exhibition will be a success.

The matter, however, will not drag here as those interested in the exhibition will be able to have cheap rates from the start to Edmonton or the June fair.

At the conclusion of the various exercises a game of basket ball was played between two teams from the Dominion and the young men's classes, which resulted in a victory for the Dominion men.

The young men's team were considerably heavier than their opponents and a close combination. Both teams made a large number of foul shots.

The following were the players on the various teams:

Businessmen—Messrs. Gifford, Dr. Whitaker, Chadwick and Young, men—Messrs. Fife, Chown, West, Ash and Davies.

One of the most attractive features of the exhibition is the clever and comic performances of two of the clowns, S. B. Pearson and A. C. Johnson, who are of the highest order of excellence and were a constant source of surprise and amusement to the young men on the streets.
